PAST EXPERIENCE

2021 - Current

Design Lead at Unity

As a Design Lead, I am responsible for overseeing a team of designers tasked with modernizing the Asset Store design and creating an efficient and consistent Design System.

I coach a team of designers to enhance the store's various customer journeys and workflows, assisting our core customers, including game and digital creators, in achieving their goals with ease.

PAST ACHIEVEMENTS HIGHLIGHTS

- Designed and implemented a robust design process at Unity to direct and facilitate the collaboration between design, engineering and product.
- Led TDC Erhverv's legacy brand through a digital update catering to a new B2B customer segment - SMBs.
- Successfully initiated and contributed to the implementation of a Design System Platform in two different companies - YouSee and Vivino.
- Led YouSee through a significant digital transformation, transitioning from a legacy brand to a customer-centric and modern online e-commerce platform.
